- Partner with product, design and security on scoped, measurable outcomes.
- Improve reliability, documentation and the team's engineering standards.
- Mentor peers and contribute to hiring and onboarding.

Must have

- SQL
- dashboards
- statistics
- stakeholder communication

Nice to have

- Power BI
- Python
- experimentation
- data quality

What we offer

A fictional demo company, a real problem, and a team that reviews its own work. Hybrid/remote flexibility, learning budget, and a calm on-call rotation.

Synthetic job description — company and salary are fictional.
